PERSONAL DETAILS

I am a charismatic and organized person, qualities I strive to apply in both my personal and professional life. I enjoy sports such as running, cycling, and basketball, having competed for my hometown team throughout my childhood and adolescence. I am passionate about nature, art, history, and architecture, and I explore my creative side through photography, capturing unique details in everyday life. I am enthusiastic about connecting with people from different cultures and learning from their worldview, building authentic connections, broadening my perspectives, and questioning my own ideals, always in search of new challenges that help me grow both technically and personally.
